

Why Should We Share?

Kichu & Leela's Little Life Lessons

by Kichu & Leela Tales™

Leela looked at her favorite toy and said,

“Hmm... I don’t want to share this!”

“Kichu... why should we share?”

“Sharing makes playtime happier!”

“When we share, everyone
gets to join the fun.”

And when we share with others, Kichu said,

“we make new friends...”

“and friends love to share back too!”

Leela thought for a moment...

Then she smiled and said,

“Okay! Let’s play together!”

Soon, everyone was laughing and having fun.

At school, sharing toys, books, and games helps us make happy friends.

What will you share today?

Maybe your toy... your book...
or even your smile 😊

Created with love for young learners ❤️
